LOCKED

WHY SUPERMIND EXISTS

LOCKED

THE WORLD HAS MORE INFORMATION THAN WISDOM.

Attention is extracted faster than it is restored. People are surrounded by stimulation but deprived of clarity, rhythm and meaningful gathering. SUPERMIND exists to make cognition worth protecting and practice worth sharing.

Through products, spaces, media and rituals, the house helps people cultivate clarity, energy, memory, discipline and collective purpose.

Wellness is the future of wealth. Cognition is the new asset.

FOUNDER DIRECTIVE

Give the world history. Give it presence. Give it energy.

THE WORLD IS NOT A CAMPAIGN BACKDROP. IT IS THE BRAND.

SM_E02_D01_WHY GENERATED CONCEPT STUDY. INTERNAL ART DIRECTION ONLY. PRODUCTION RESHOOT REQUIRED.

DECISION LANGUAGE

CONTROLLED STATUS TAXONOMY

Every rule, asset and production decision carries exactly one status. The status determines what may move forward and what evidence remains.

LOCKED	Approved final. No change without founder approval.
PREFERRED	Approved default. An exception requires documented creative approval.
PENDING PROOF	Direction approved. Technical, physical, scientific, legal or rights proof remains.
EXPERIMENTAL	An unapproved direction under test. Never present it as a house standard.
PROHIBITED	Rejected. It must not enter production or publication.
SUPERSEDED	A former rule retained only for historical record.

ONLY THESE SIX LABELS MAY APPEAR

Proposed, Direction Locked, Pending Vector Proof and Preferred Pending are not valid statuses. PENDING PROOF remains internal concept use only unless a page states that a specific release is cleared.

01

DOCTRINE AND WORLD

SUPERMIND is cognitive luxury made tangible through products, spaces, rituals and culture.

LOCKED

THE COGNITIVE RENAISSANCE

LOCKED

COMPOSED INTELLIGENCE IS THE HIGHEST FORM OF STATUS.

A Cognitive Renaissance is a renewal in how people think, care for the body, create culture and build institutions. SUPERMIND makes that renewal tangible.

SM_E02_D02_RENAISSANCE GENERATED CONCEPT STUDY. INTERNAL
ART DIRECTION ONLY. PRODUCTION RESHOOT REQUIRED.

ATTENTION

Protect the source of every decision.

WELLNESS

Treat energy, clarity and longevity as forms of wealth.

RITUAL

Turn intention into repeatable behavior.

CULTURE

Make intelligence social, desirable and enduring.

INSTITUTION

Build systems that outlive campaigns.

A renaissance is not an aesthetic. It is a change in how people live.

LOCKED

THE TRANSFORMATION

LOCKED

SUPERMIND DOES NOT SELL ESCAPE. IT BUILDS CAPACITY.

Noise becomes clarity.	01
Stimulation becomes intention.	02
Consumption becomes ritual.	03
Isolation becomes community.	04
Burnout becomes rhythm.	05
Information becomes wisdom.	06

A person should leave the world more composed, capable, connected and alive than they entered.

SEVEN PRINCIPLES

BRAND PSYCHOLOGY

PRINCIPLE	MEANING
Cognitive luxury	Composed intelligence is the ultimate status signal.
Ancestral futurism	Past and future coexist without costume or fantasy.
Ritual over consumption	Products belong inside meaningful behavior.
Living intelligence	Plants and care communicate vitality and cultivation.
Collective elevation	Community, mentorship and shared wellness matter.
Material permanence	Metal, stone, wood, glass and paper feel inherited.
Quiet authority	Restraint, precision and space create presence.

QUALITY CONTROL QUESTION

Does this expression make intelligence feel desirable, human, grounded and enduring?

LOCKED

BLACK INTELLECTUAL LIFE IS THE CULTURAL CENTER

LOCKED

SUPERMIND stands inside a living Black intellectual lineage. Study circles, houses of worship, bookstores, barbershops, kitchens, jazz rooms, liberation schools and neighborhood coffeehouses have turned conversation into strategy, culture and institution.

Across generations, Black communities have created knowledge under pressure and carried it through story, ritual, music, enterprise, care and collective study.

SM_E02_P19_HISTORY GENERATED CONCEPT STUDY. INTERNAL
ART DIRECTION ONLY. PRODUCTION RESHOOT REQUIRED.

- 01 Center contemporary Black life, not nostalgic costume.
- 02 Credit people, places, movements and artifacts when history is named.
- 03 Respect differences between eras, regions and traditions.
- 04 Welcome wider diversity naturally without weakening the cultural center.
- 05 Never use Blackness as texture, shorthand or corporate symbolism.

THE LINEAGE IS NOT A MOODBOARD. IT IS A RESPONSIBILITY.

LOCKED

THE WORLD LAWS

- 01 Plants are permanent at campaign and worldboard level.
- 02 Human scenes must look physically photographed.
- 03 Archive warmth and future precision belong to one civilization.
- 04 Every background has a narrative purpose.
- 05 The world remains recognizable when the product is absent.
- 06 Gold means inheritance. Silver means precision. Black Cherry means house identity.
- 07 Darkness preserves skin, material, plant and architectural detail.
- 08 History comes from real behavior, material, place and camera.
- 09 Animals appear only when they are real, native and incidental to the scene.
- 10 Alcohol, tobacco, intoxication, fantasy fauna, fake plants, generic disposables and artificial symbolism do not define the world.

An exception is approved only when it makes the civilization more coherent, never merely more novel.

APPROVAL GATE

THE SAME TIMELINE TEST

- 01 Could this scene be physically produced?
- 02 Do light, skin, plants, metal and reflections behave naturally?
- 03 Does every living element belong to this place, season and ecology?
- 04 Does the background tell a purposeful story?
- 05 Does it share the emotional temperature of the archive world?
- 06 Would it still feel like SUPERMIND without a visible logo?
- 07 Are every reference, person and artifact rights cleared or correctly labeled?
- 08 Will it remain credible five years from now?

If any answer is no, the asset returns to concept development.

01 **TEACH** Translate cognition, performance and longevity into clear language.

02 **RITUALIZE** Turn information into a behavior a person can practice today.

03 **EMBODY** Show real people living the principle in believable environments.

04 **PROVE** Use accurate research, honest product detail and visible material quality.

05 **INVITE** End with reflection, action or a reason to return to the world.

One post. One governing idea. One clear emotional temperature.

THREE BY THREE RHYTHM

THE FEED IS A LIVING INDEX

SENSORIAL MODE

Warm science, ritual, product, people and cinematic abstraction.

NINE POST BALANCE	TARGET
Editorial or research	3
Human life or ritual	2
Product or material	2
Nature or ingredient	1
World or institution	1

EDITORIAL MODE

White fields, human evidence, research framing and quiet product integration.

RHYTHM RULE

Do not publish three dense text covers in a row. Do not publish three product heroes in a row.

The feed should breathe between knowledge and life.

FOUR CONTENT FORMS

A

WHITE EDITORIAL

A thesis, model, field guide or framework.
Maximum clarity.

B

PHOTOGRAPHIC STORY

A person, place or ritual carrying one
strong line.

C

RESEARCH OBJECT

A study, biological mechanism, chart or
evidence led explanation.

D

PRODUCT RITUAL

A product shown as a precise tool inside
real behavior.

Every carousel chooses one primary form. Secondary forms may support it, but the governing form controls the visual language.

SEVEN FRAME DEFAULT

CAROUSEL NARRATIVE FORM

01

PROMISE

One idea worth stopping for

02

TENSION

Name the cost or question

03

MECHANISM

Explain what is happening

04

EVIDENCE

Show research or observation

05

PRACTICE

Give a usable ritual

06

WORLD

Connect the idea to lived culture

07

CLOSURE

Leave one action or reflection

Short carousel Use frames 01, 03, 05 and 07. Long carousel Expand evidence and practice, never repeat the same point to fill space.

LOCKED HIERARCHY

CAROUSEL COVER FORMS

WORDMARK

Top center. Quiet. Never competes with the idea.

HEADLINE

One thought. Prefer 4 to 12 words. Maximum 16.

SUBHEAD

Optional. One sentence. Never a paragraph.

IMAGE

One believable subject or one material world. No collage on the cover.

PROMISE

Specific enough to create curiosity without exaggeration.

CLARITY BEFORE DECORATION

INFORMATION SLIDE FORM

SUPERMIND

ATTENTION IS A
BIOLOGICAL ASSET.

Protect the source of every decision.

01

01 **HOUSE MARK**

A stable orientation point

02 **ONE CLAIM**

One governing idea per frame

03 **SUPPORT**

One sentence, model or visual proof

04 **SPACE**

Silence is part of the luxury signal

05 **SOURCE**

Citation or reference in the footer when needed

Default body density is 25 to 60 words per slide. If the idea needs more, divide it into another frame.

No screenshots of articles. No unreadable footnotes. No decorative charts. No fabricated statistics.

WITNESSED LIFE

IMAGE LED STORY FORM

PUBLIC RITUAL

A proprietary fiber paper cup may appear only in a real public service, travel or event scene. The person, place and behavior remain the subject. The cup is never isolated, oversized or treated as the luxury hero.

INSTITUTIONAL PRESENCE

Signage, architecture, plants and daylight can carry the brand without a visible product or explanatory paragraph.

Caption language should add meaning that the image cannot show. Do not restate the headline. Do not over explain the scene.

FOUR LEVELS OF VISIBILITY

PRODUCT AND RITUAL INTEGRATION

HERO

Product is the central artifact. Use for launch, material and design stories.

EVIDENCE

Product sits naturally in the environment without directing the scene.

TOOL

Product supports a real ritual such as writing, cacao, training or travel.

ABSENT

The behavior, people, plant life or institution carries SUPERMIND alone.

Within a nine post feed, no more than three posts should make the product the dominant subject.

PENDING LICENSED FONTS

EDITORIAL TYPE HIERARCHY

A THOUGHT WORTH BUILDING.

01 RESEARCH NOTE

The typography on page 26 governs every editorial form. The wordmark remains artwork and is never typed.

LEVEL	ROLE	DEFAULT FORM
Wordmark	House identity	Approved vector only
Aton Display	Campaign covers and decisive statements	Licensed master when approved
Editorial serif	Thesis, philosophy and long research	One approved licensed family
Mona Sans	Explanation, practical detail and captions	Licensed exact weights
Mono	Labels, sources, sequence and data	Compact technical voice

Nimbus Roman remains a temporary book prototype until the editorial serif is selected and licensed. No unnamed serif may enter published work.

INTERNAL PRODUCTION STANDARD

CANVAS, GRID AND SAFE ZONES

MASTER

1080 by 1350 pixels

SQUARE SAFE

Critical copy survives a centered 1080 by 1080 crop

MARGIN

Minimum 96 pixels on the master canvas

GRID

Six columns. Consistent gutters. Align every element

WORDMARK

Top center or top left. Never inside the crop danger zone

EXPORT

Embedded sRGB. High quality JPEG or PNG for line art

Every carousel uses one aspect ratio from first frame to final frame. Never mix square and portrait frames inside the same published carousel.

Feed planning may be reviewed as a three by three square grid, but the production master remains the approved post canvas.

TRUTH IS PART OF THE LUXURY

RESEARCH, CLAIMS AND DATA

The scientific method on page 18 governs every research object, benefit statement, chart and product claim.

SOURCE	Use primary research, systematic review or recognized institutional guidance.
--------	---

SCOPE	State what the evidence supports. Separate association, mechanism and causation.
-------	--

CONTEXT	Name the population, sample, timeframe and important limitation when relevant.
---------	--

PRODUCT	No disease claims, treatment language or guaranteed outcome without legal approval.
---------	---

CHART	Label units, baseline, scale and source. Never invent precision for visual effect.
-------	--

COPY	Use clear language. Define technical terms. Avoid fear and false urgency.

Every generated image carries its identifier beside the concept disclosure. Full item records live in the slide source notes and current asset register. External precedent is never presented as SUPERMIND work. Only rights cleared commissioned work may be labeled APPROVED PHOTOGRAPHY.

ACTUAL EXAMPLE

CULTURAL RITUAL REFERENCE

PREFERRED

USE THIS TO JUDGE

Intellectual objects belong inside lived culture. The scene should feel composed but witnessed, with warm wood, real material detail, human presence and quiet social confidence.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL EXAMPLE

HOSPITALITY MOMENT REFERENCE

PREFERRED

USE THIS TO JUDGE

Use a fiber cup only as a deliberate public service exception. Pair it with premium print, warm timber, handwritten evidence and a setting that makes the object feel intentional.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL THREE BY THREE EXAMPLE

SENSORIAL FEED GRID

PREFERRED

USE THIS TO JUDGE

Balance warm science, product, ritual, people, nature and one clear editorial idea. Every square must feel like it belongs to the same campaign and the same emotional temperature.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL THREE BY THREE EXAMPLE

EDITORIAL FEED GRID

PREFERRED

USE THIS TO JUDGE

Use white editorial fields to create breath between photographed life and product. Keep the serif voice disciplined, the grid consistent and the people connected to real practice.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL PRODUCT WORLD EXAMPLE

VESSEL WORLD GRID

PREFERRED

USE THIS TO JUDGE

Show the family through detail, scale, material contrast and one lived scene. Gold, silver, black, Oxblood, leather, stone and plants must read as one controlled object system.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL EXAMPLE

PRINT AND MATERIAL REFERENCE

PREFERRED

USE THIS TO JUDGE

Use restrained fiber texture, clean embossing, precise gold and generous negative space. Handwritten paper may enter as evidence of thought, invitation or personal record.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL HOSPITALITY EXAMPLE

SERVICE SYSTEM REFERENCE

PREFERRED

USE THIS TO JUDGE

A repeated service object can create presence when the mark is quiet, placement is consistent and the surrounding environment feels real. Plants and glass keep the scene alive.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL THREE BY THREE EXAMPLE

RESEARCH FEED GRID

PREFERRED

USE THIS TO JUDGE

Alternate evidence, human performance, ritual and product. White fields establish authority. Dark photographs add emotional weight. Data must remain legible and scientifically governed.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL PACKAGING EXAMPLE

CHOCOLATE MASTER SEED

PREFERRED

USE THIS TO JUDGE

This is the packaging benchmark for information hierarchy, deep metallic Oxblood, tone on tone cultural storytelling and the balance between luxury object, laboratory object and cultural artifact.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL FAMILY EXAMPLE

TRICOLOR PORTFOLIO REFERENCE

PREFERRED

USE THIS TO JUDGE

Use color to separate functions while preserving one silhouette, one wordmark position and one information hierarchy. Oxblood, mirror silver and crown gold should feel related, not ornamental.

USER SUPPLIED CANONICAL REFERENCE

ACTUAL FAMILY EXAMPLE

MONOCHROME PORTFOLIO REFERENCE

PREFERRED

USE THIS TO JUDGE

A single material field can unify several functions. Differentiation comes from disciplined copy, subtle pattern changes and hierarchy, not a different design language for every formula.

USER SUPPLIED CANONICAL REFERENCE

CONTROLLED INTERPRETATION

PERFORMANCE SINGLE REFERENCE

EXPERIMENTAL

USE THIS TO JUDGE

Use the pouch silhouette, material depth and vertical hierarchy as direction. The multicolor symbol treatment is not approved. The active mark system on pages 21 through 24 still governs.

USER SUPPLIED CANONICAL REFERENCE

CONTROLLED INTERPRETATION

GUMMIES SINGLE REFERENCE

PENDING PROOF

USE THIS TO JUDGE

Use the deep red material, centered architecture and restrained benefit line as direction. Product naming, claims, symbol use and final copy remain subject to the governing approval system.

USER SUPPLIED CANONICAL REFERENCE

SUPERMIND

INTELLIGENCE SHOULD FEEL ALIVE.
